

Q30

Small can be beautiful!

It's a HOMEbox® premium quality grow tent—just in miniature form! Now everyone can find the space for an indoor growing project of their own thanks to the HOMEbox® Ambient Q30—the smallest of the HOMEbox® Ambient range. Measuring just 30 x 30 x 60 cm, it can be easily illuminated with a low wattage LED or compact fluorescent lighting fixture. It's PAR+ super reflective lining allows growers to create an intensely lit growing area without the excessive heat issues. Perfect for the corner of even the smallest bedroom, kitchen or office, growers can enjoy year-round productivity with this super-discrete and compact grow tent. Oh, and did we mention it looks really cute too?

Assembled size: 30 x 30 x 60 cm

Grow space: 0.09 m²
